Kate Kelly, of Kelly's Rental in Newburyport, MA, was born and raised in the greater Newburyport area. After college she opened Kelly's Rental in 1998 with her father, Pete Kelly. Kelly's Rental is located next to Kelly's Hardware, a Newburyport institution for over 75 years. Today, her sister Lisa and she own and operate both locations, carrying on their grandfather and father's legacy.

Working mostly on the rental side, Kate has seen many rental trends over the years and works to keep our inventory and rental options on point. One thing she enjoys most is helping clients bring their event and project visions to life. From graduations to showers and wedding celebrations to fundraisers, Kelly's Rental is here for all your event rental needs year round. In addition, if you are tiling your kitchen, installing a hardwood floor or looking for landscaping solutions, reach out to Kelly's Rental today and ask about their tools and equipment rentals!
