

PETEY'S LOCAL, WOMAN-OWNED BUSINESS HIGHLIGHT:

Mill River Winery is a 100% woman-owned winery, created by Donna Martin. The winery, open year round, is located in Rowley and is a fulfillment of her dream to make award winning wines on the North Shore. She has a PhD in Chemistry and is passionate about local viticulture and making wines with an emphasis on preserving the signature flavor of each varietal. Our wine labels exemplify New England, its rich history, beautiful coastlines and cultural activities.

Our handcrafted wines are produced and bottled on site using local grapes and grapes selected from global wine regions. Come sample Mill River wines by the flight or by the glass in our 1890's renovated post and beam tasting room, the outdoor patio or in our seating area by the vineyard. Come and enjoy the wine experience with our hospitality and personalized service.
